

Community *Confidentiality* & Participation

Take the wisdom from each experience, not the person's story.

FWC Dubai is designed to be a safe and respectful space where women can connect, learn, grow and share experiences openly. This agreement protects the trust of the circle and applies to gatherings, WhatsApp groups, online sessions, workshops and other FWC Dubai activities.

2 WHAT MUST REMAIN WITHIN THE CIRCLE

Confidential information includes any personal, professional, family, health, financial, business or other sensitive information shared by a member during an FWC Dubai activity, whether shared verbally, in writing, through a message, image, document or group conversation.

Please confirm you have read and accept the following:

I will not share another member's name, story, message, screenshot, photograph, recording or identifying detail outside the circle without her clear permission.

I will not copy, forward, publish, reproduce or use information shared in the circle for social media, media coverage, marketing, research, business development or any other external purpose without permission.

I will not contact, pitch to or approach another member using sensitive information disclosed in the circle in a way that exploits her vulnerability or trust.

I may carry forward general lessons and wisdom, provided I remove all names and details that could identify the person or her situation.

These confidentiality commitments continue after a gathering ends and after I leave the community.

3 RESPECTFUL PARTICIPATION

I will engage respectfully and will not harass, shame, discriminate against or deliberately misrepresent another member.

I understand that a serious or repeated breach may result in removal from an activity, group or the FWC Dubai community.

4 REQUIRED CONFIRMATIONS

I have read and understood the FWC Dubai Community Confidentiality and Participation Agreement.

I agree to protect personal and sensitive information shared within the circle.

I understand that I may take away the wisdom from shared experiences, but not another person's private story or identifying details.

I understand that this agreement does not give FWC Dubai ownership of my personal story, ideas or business information.

I confirm that the information I provide in this form is accurate.
